EXPERIENCE

Indicio, Virginia Beach, VA — Mobile Engineer

July 2021 – Present

- Design and deliver scalable production mobile applications with **React Native**.
- Collaborate with government organizations and the **Linux Foundation** on open-source initiatives to advance **digital identity and verifiable credentials**.
- Partner directly with customers to scope, build, and deploy new features, ensuring continuous improvements and timely updates to both **App Store** and **Google Play**.

DoctorMultimedia, San Diego, CA — Web Developer

Jan 2021 – Oct 2021

- Built and maintained client websites to maximize brand presence and customer engagement.
- Applied **SEO strategies** that improved discoverability and boosted customer reach.
- Managed a high volume of support tickets, prioritizing requests based on urgency and business impact.

The VanLife App, San Diego, CA — Mobile Development Intern

Sept 2020 – Dec 2020

- Took ownership of redesigning the team's **admin dashboard**, improving usability and scalability.
- Quickly upskilled in **Angular** and **Firebase/Firestore**, contributing independently with minimal oversight.

24-7 Intouch, Orlando, FL — Quality Manager

Jan 2017 – Feb 2020

- Managed quality operations for a department of 100+ employees.
- Designed and implemented training programs that improved performance and morale.
- Reduced QA errors by 62% within six months through new coaching processes and workflow improvements.

EDUCATION

LEARN Academy, San Diego, CA — Full Stack Web Development Bootcamp 2020
